Our Hero this year highlights
Amanda Shea's Engagement Ring.
By far the largest brief document
generated to date . . . Barbara's
correspondence from her first email
response to Amanda notes: 'My
last thought was that of weight &
lightness, a sort of variable dynamic
oscillating between you both. The
question arose 'what is being
conjoined here'? Apart from bodies,
minds and purpose - it is valid to
think of what energies will activate
your relationship over time. I could
look at any major astro influences
that manifest for you as a couple, if
you like? So do let me know each of
your birthtimes, dates and places'
. . . the rest is history now.
